NYACK HIGH SCHOOL NYACK, NEW YORK

# DEDICATION

STANTON CALLAHAN

To the man who has helped so many of us to enjoy our journeys into the past and to be prepared for our journey into the future, we, the class of 1953, dedicate our TOWER.

Stanton Callahan, who has taught in private and public schools since 1932, has been pouring gerunds and gerundives into the receptive minds of Nyack Latin students for the past seven years.

According to Mr. Callahan, "empty barrels that make the most noise" fill up most of his Latin classes. Besides the time he spends in his famous ninth periods, he is Latin Club advisor and chaperone on school trips such as Jive Tribe buses. When he first came to Nyack, he was assistant soccer coach.

Born in Yonkers, he attended Manhattan College and then took his M.A. at Columbia. While in college he participated in tennis, baseball, soccer, boxing, and broke his wrist playing volleyball. He remembers with delight a sociology course where the professor frequently neglected the dis-

missal bell. To overcome this obstacle the students purchased two alarm clocks, which they conveniently set at five minute intervals after the bell had rung, to offer a subtle reminder. The professor, however, ignored all interruptions and continued to lecture two hours longer.

Summers Mr. Callahan does surveying and has helped map such roads as the Saw Mill River Parkway in Westchester County and the New York State Thruway. He enjoys fishing and traveling. So far his journeys have led him through Canada and the Mid-West.

His other major interest and occupation is his family. Tim nearly three; Mike, six; John, nine; Gail, fourteen, and Richard, seventeen are enough to keep him busy.

The devoted members of Mr. Callahan's Latin classes will refer to him by his nickname "Caesar," but we shall all remember him as the sine qua non to our school life.

A. W. RITTERSHAUSEN

TO THE CLASS OF 1953

In "An Open Letter to America's Students" published in the October, 1948 Readers Digest, General Dwight D. Eisenhower said, "To be a good American is the most important job that will ever confront you. But essentially it is nothing more than to be a good member of your community . . ."

Mr. Eisenhower's interpretation of adequate citizenship is precisely the kind of experience we who are responsible for Nyack High School attempt to provide for

the young people of our community.

As members of the present graduating class, many having been with us six years, some several months, with backgrounds from various corners of the world, you have had the benefit of the Nyack High School program.

The fine work that you have done, the challenges you have accepted, the excellent performance of the class in the academic fields, in the arts, in vocational training, in the extra-curricular and out-of-school activities, your part as school citizensmerit recognition and commendation.

This part of your lives at Nyack High School has been the privilege of every one of you. It is the kind of background we consider most essential in the adequate character development of responsible citizens in these United States. Every community in the nation cries out for such a citizenry.

You have had these privileges. It is your responsibility to maintain them for

future generations!

# THE ADMINISTRATION

### KENNETH R. MacCALMAN

We are fortunate indeed to have such a versatile and enthusiastic educator as Mr. MacCalman for our school superintendent. He works tirelessly at his job which includes finance public relations, and personnel. Mr. MacCalman, who received his A.B. at Elon, his M.A. at Columbia and has done graduate work at N.Y.U., is also very active in organizations outside his school work. He is a member of the Rotary Club, the Palmer Scholarship Fund, and a participator in a section of the N.Y. State Board of Regents and the N.Y. State Board of Interpretation of Economic Trends as affecting Education.

### JOSEPH PHILLIPS

Behind the success of the "Voice of Nyack High" over station WFAS lies our Administrative Assistant Joseph Phillips. For dubbing as head of the Science Department his position as Recording Engineer of the broadcast presents no problem. Also he was the head "Doctor" of the "Traveling Medicine Show," a science club which he organized. The senior boys are thankful for his military orientation programs, while Junior High students claim him as their Guidance Director.

Mr. Phillips received a B.S. at California State Teachers College and attained his M.A. degree at Columbia University.

Left to night. Mr. Hove M. K. et as r. Mr. V. tak. Mr. Deel, Mr. Lister.

Raymond H P W'ray Advisor

Frantic gestures, impatient cries, and heated dis assions, typiced a large percentage of the Tower staff's meetings. These characteristics, however, were overshadowed by the enthusiasm, efficiency, and co operation of each of the individual members. We have experienced both times of chaos and the times of satisfaction when our ideas materialized. Each of these times proved to be advantageous as well as enjoyable.

We are very much indebted to Mr. Raymond Wray, our literary adviser and Mr. Fabian Englander our business manager, for their encouragement guidance, and companionship. We also wish to thank those members of the faculty, administration and the student body who have aided us

We hope that next year's Tower staff will en joy their work, as hectic as it may be, as much as we have

### GENERAL ORGANIZATION

Among the numerous activities which the G.O sponsored this year was the colorful G.O. dance, led by the football queen, Doris Ann Palmaties and her ladies-in-waiting. Pep raffles, after game dances, the talent show and many other events which brighten our school year were also organized by the G.O. These activities are designed to stimulate a desire for rendering service, to promote lead ership and to develop character in the individual

G.O. membership is obtained through buying a G.O. card. This card enables the student to vote in school elections, to receive the school paper and also grants him price reductions at school sporting events.

With the aid of Miss Vivian Krum and Mr. William Desmond the General Organization has experienced a very successful and harmonious year. The officers of the G.O., who are George Tanges, president, Eugene Cacciamoni, vice-president, Audrey Nelson, secretary and John Kamisky, treasurer, deserve much praise for their fine work

Left to right S. F. no. M. Sweikhardt, M. Cir. Morer T. Stran, C. ber. M. Str. ...

The G.O. council strives to create a harmonious and understanding relationship between the student body and the faculty and administration. At the sessions of the council the officers of the G.O. represent the student body by presenting the problems of the students before the representatives of the faculty and the administration. Here the views of all are discussed and the problems successfully solved

The G.O. Court is a student creation and thereby reflects the student's high respect for law and order. The court of six judges tries students who receive summons by the Student Patrol for violating the rules that the G.O. enacted. The court is one of the many fine examples of student government in Nyack High School

BIG INJUN

The school newspaper "The Big Injun" is published ten times within our school year, by the Ramapo Valley In dependent Press. The staff is composed of forty members of the student body with Miss Margery Nilson as editorial advisor and Mr. Fabian Englander as business advisor

In recent years the "Big Injun" has been entered in the Columbia Scholastic Press Association for which they have won five successive "medalist" awards. This award is given only to the top ten percent of school newspapers. Only six papers from New York State received it last year. Also for two years in succession CPSA has presented the "Big Injun" with All-Columbia honors for the best headlines in its enrollment group. In the National Scholastic Press Association, sponsored by the University of Minnesota, we have received first place. The last time the "Big Injun" was entered in the Empire State Press Association they walked off with all-state honors

The advisor, Miss Nilson, has spoken for the past four years at the CPSA conference on the subject of newswriting. This year she was selected to be one of the members on the board of judges for the CPSA. She will be unable to accept this offer as she is leaving Nyack after having been "Big Injun" advisor for six years

Officers are: Richard Lyman, editor; Margaret Hoffman, assistant; Maxine Marcus, feature editor; Karen Dahlberg, assistant feature editor; Myron Miller, news editor; John Fox, sports editor; and John Simonds, assistant sports editor.

#### RETAILING CLUB

Sclling school items and organizing window displays occupy much of the time of the members of the Retailing Caib. Their knowle tre of business management is also broadened by the fact that each of the members work after school hours. Lield trips to various industries are also among their varied activities. The expert and companion ible and of Mr. Fabian Englander accounts for the many benefits of this organization.

### COLLEGE ENTRANCE CLUB

The Junior Rotarians are a group of boys selected from the senior class for their excellence in serving the school, leadership and participation in various fields. Each week several of the members are guests of the Nyack Rotary Club at their lunch con. Their presence at these luncheons serves as a means of studying what the Rotarians do for the community

Bryant Malcolm was elected president, Joseph Frascino, vice-president and Lawrence Cohen, secretars

Dr. Sarah I. Roody originated this club for future college students who wish to prepare for college boards and other competitive examinations besides using questions from former examinations for study, the students also compile suggested reading lists for underclassmen

The officers are Charles Orlando, president; Nicholas Bradshaw, vice-president; and Luella Mc Dermott, secretary. Their able adviser is Dr. Roody, head of the English department

### JUNIOR ROTARIANS

Entering its second year the Junior Honor Society is maintaining its policy of giving scholastic recognition to under classmen. All though open exclusively to the top tenth of the Junior Class, the top fifth of the Sophomore class are considered each spring. Under Miss Marion Haynes the group has striven to encourage high scholastic standards

The Senior Service Squad, supervised by Solon Gordon, helps maintain law and order in the school building, during athletic events, dances and other social affairs of the school. The members work closely with the General Organization by enforcing the rules set up by the General Organization Court

Preparing Junior High Students to ht into the according to the school the Junior Service Squad strives attain efficient management of the school. Each week the members of the Stamp Club gather to exchange and to discuss various stamp issues. This organization is very beneficial to the members in that it enables them to enlarge both their stamp collections and their knowledge of foreign countries. In the spring the club hopes to have several speakers lecture to them on the extensive subject of stamp collecting

Miss Winifred Davis aids the group in its activities. The officers are Joseph Caruso, president, and Paul Hazucha, secretary The Travel Club is an eighth grade organization for boys and girls.

Educational games are played the first part of the year and during the spring months the members travel by bus to historic places in Rockland and Westchester counties. The enthusiastic group extends its knowledge of foreign countries by compiling picture scrapbooks

The eighty-eight members are under the benefi-

cial guidance of Mr. Samuel Templin.

Mr E Payne, Mr. R Repholec, Mr H Failing

The 1952 Nyack High School Football team, recognized as a top contender for the P.S.A.L. Championship, won two games, lost two and tied one to finish the season fourth in league standings. The two defeats Nyack suffered were very close games and could have been easily won

The first league game with Suffern was a real thriller, seeing the boys go down to defeat to the league champions in a rough bat the After this heart-breaking defeat Nyack entered the win column with two successive victories over Haverstraw and Spring Valley. Then came the Piermont game which ended in a tie score after four quarters of grueiling football. Desiring a second place tie with Piermont, Nyack entered the final game of the season with Pearl River with high hopes of winning but suffered a 14-0 defeat

Excellent coaching on the part of Rudy Resholec, Harold Failing and Russel Paine enabled our football team to enjoy a successful season. All-County selections of Jim Ridlon—first team and Bert Leitner—second team, proved the superiority of our team. The loss of Bryant Malcolm due to ineligibility was really a blow to Nyack's hopes of a championship

# TENNIS

Continuing in its winning ways, the Nyack High School tennis team under coach Raymond H. P. Wray, added the 1952 fall PSAL championship to its string of league to umphs, making a score of eleven first places and two second places in thirteen seasons

The big team to beat last fall besides Nyack was Spring Valley. Starting with an almost entirely green team a verago, Tiger coach Toni Borgognoni trained his youngsteento a formidable threat

Similar to a sports fiction novel ending, Nyack met the Tigers to determine the fall league championship in the final scheduled match, since both clubs had gone undefeated until that time. The doubles team of Bob Moc. sophomore, and Tom Probert, freshman, came through it their customary manner, winning easily 6-4, 6-2. However Paul Bernarbo, Rockland County Junior Champion, fell by fore the soft lobs and placer ents of Amn Shoemaker of three sets. But Jack Stockmeyer, team captain and a senior came through with an 8-6, 7-5 upset victory over veteral Ken Better to clinch the title

It should be noticed that the doubles team was never pressed in a set and Jack Stockmeyer lost only one set during the entire season. This steadiness and the faithful dai practice of the squad make another championship a goo possibility," says manager Dick Lyman. Spring team milose Mock, but then Lyman, veteran of 1952 spring seasowald move up to play with Probert at first singles. Jol Bell, a senior, will combine with a fall JV player for the second doubles team

# SOCCER

The 1952 Indians' soccer team, steadily improving during the past four years, came the closest it has ever been to a championship. The league record of the booters was an impressive six victories, one defeat and one tie for a second place birth in the league. This single defeat which marred Nyack's County League record was suffered at the hands

of Congers, League Champions

This year's squad was a real powerhouse packed with many boys who possessed outstanding skill in playing the game. The booters proved themselves worthy of a great deal of recognition since they tied Congers, champions for the past 18 years, in the first game and then lost a hard-fought battle with the same Congers squad in a return game. Nyack was by far the toughest opposition Congers had played in quite some time

Excellently coached by Frank Nelson and Richard Grimley and captained by Donald D'Agostino, the team was kept hustling all the time, which proved to be a determining factor in their success. Victories for the team were two from Pearl River, two from Spring Valley and two from

Stony Point.

All-County selections for the first team found three Nyackers up on top, Wes Plutsch, Oleg Panoff, and Donald D'Agostino.

# BASKETBALL

The 1952-53 basketball season in Nyuck didn't prove too saccessful for a small but husting squad. Since the only returning letterman was Walt Rose, most of the squad was inexperienced. But nevertheless the Indians under the able coaching of Frank Nelson proved themselves skilled in basketball by coming very close to beating a few championship contenders. In the third league game against Pearl River, a supposedly strong squad, the Indians lost 54 to 51 in the final seconds of the game

The squad was hindered with the lack of height which is very important if a team is to rebound successfully. With out rebounds victory is twice as difficult to attain What we lacked in height we made up for in sharp-shooting, per formed excellently by Bill Daggett, Walt Rose and Jim Ridlon. Even though our big men, Jim Ridlon and Tom Glynn weren't enormous they gave the opposition a difficult time

Many of the contests were very close and some of them could have been victories just as well as defeats. Lots of credit is given to the team for fighting every minute of the way.

# WRESTLING

Although the wrestling squad was hit by the graduation of some of its top performers, Injun grapplers looked forward to another successful season. This year's squad, built up around such stalwarts as Capt. Blair Campbell, Bob Shepard, Chet Valentine, and Charles and Everett Miele, captured three of its first four meets, losing the opener to a powerful Teaneck squad. At this rate it appeared very feasible that the matmen would cop another Rockland County PSAL champion ship

During the course of the season, there were a series of J.V. meets with neighboring schools, organized for the purpose of giving young hope fuls some all-important experience and a chance to compete in a regulation meet. As a result, Nyack can count on seeing some top-notch wrestling squads in the future

This year was marked by the retirement of Solon Gordon, who, after 20 years of turning out championship teams, handed the reins over to Rudy Rejholec, Injun football and baseball coach

The 1952-'53 bowling team is extremely fortunate in having Robert Schild as their coach again this year. The team, captained by Philip Schul der, looked very impressive in their first matches and can look forward to a very successful season Although Nyack lost some lettermen due to graduation, the boys on this year's squad are a determined and well skilled group

WIMMING opponents first The first two meets were lost but Nyack cleaned up on the third The team consists mostly of veterans, however, and we can look forward to a good season. It seems probable that the Rockland County PSAL championship will be outs once again

Returning record men Jack King and Larry Cohen, 200 v.t. freestyle and 100 yd. freestyle respectively, are bettering their times and are the perfe t examples as cocaptains of the team. In spite of liaving our team weakened by sinus our occupational disease. Coach Whitney Cailahan is looking torward to a good year

First row: J. Kohlin, H. Conklin, J. Smith, E. Faccioli, S. Wells, S. Denker, Second row T. Valentine, A. Yasaky, J. King, J. Latham, L. Cohen, B. Springer, M. Herlihy, P. Eamay, R. Kostmeyer, Third row C. Epler, J. Stockmeyer, P. Glynn, Mr. Callaban, D. Thomas, J. Fields, P. Breland, F. Latham

[96]

Front: T. Valentine, J. King, Back, W. Lewie, D. Rose, Mr. Failing, S. Brown W. Richmond.

# GOLF

The 1953 Golf Team under the able coaching of Mr. Harold Failing is looking forward to a brighter season than was experienced last year Aided by returning lettermen, Nyack hopes to make a good showing for the RCPSAL. Crown Several new boys also make Nyack's hopes for the future years much brighter

The Varsity basefull squad this year was hard hit by graduation which took four of Nyack's starting pitchers leaving very few in sight for future moundmen

The squad has only six lettermen returning this year who along with a few promising I intor Varsity men country up will compose a fairly well rounded team which should do very well in county competition

Couch Rudy Rejlicles can look forward to a good season in 1953 with a fast hard-hitting team.

### BASEBALL

Second ow J. Merkert, L. Buckout, G. 1 april, Third row; W. Daggett, T. Glynn, D. Wasek, J. Brett, J. Ridlon, D. Williams, H. Crane

Less to right G. Blauvelt, P. Pelts, P. Hicks, D. Palubin B.

# LOCOMOTIVE

# CHEER

A gay flash of color and enthusiastic cheers from the crowd could mean nothing less than the appearance of the Varsity cheerleaders. They must also be "cheerful leaders," for it is their job to transmit their enthusiasm to the spectators and thus to the team in action. Football, soccer and basketball games are always brightened by their talents. The customary pre-game pep-rallies are also a part of their activities. In the springtime they will cheer at the Faculty-student baseball game. Someone must bolster the morale of the cheerleaders and Miss Cooke does a fine job

The J.V. cheerleaders coordinate their cheering abilities with those of the Varsity cheerleaders. The two groups also sponsor after game parties for the opposing teams.

The lively Freshman cheerlead ers may be seen upholding the morale at the intramural and freshman games. Their gay out fits are maroon and white

Left to right, S. Knight, J. A. McManus, K. DeJong, H. Heusted, T. Lemier, (Ferman).

# G. A. A.

Nyack High offers a great deal to every girl in the field of sports. The sports vary to suit a girl's likes and abilities

Every girl who participates in sports is striving for a chenille "N" and a membership into the G.A.A. letter club. To get an "N" a girl must earn 1,000 points through participation in many sports

The G A A, girls learn first aid and are wardens in air raid drills. They also learn timing and scoring and officiate at games

When a girl has earned 2,000 points she becomes a member of the Inner Circle and receives a gold pin
